If a reply to the last Office action has already been filed, APPLICANT IS GIVEN ONE MONTH FROM THIS INTERVIEW DATE, OR THE MAILING DATE OF THIS INTERVIEW SUMMARY FORM, WHICHEVER IS LATER, TO FILE A STATEMENT OF THE SUBSTANCE OF THE INTERVIEW. Summary of Record of Interview Requirements

Manual of Patent Examining Procedure (MPEP), Section 713.04, Substance of Interview Must be Made of Record

A complete written statement as to the substance of any face-to-face, video conference, or telephone interview with regard to an application must be made of record in the application whether or not an agreement with the examiner was reached at the interview.

Title 37 Code of Federal Regulations (CFR) § 1.133 Interviews

Paragraph (b)

In every instance where reconsideration is requested in view of an interview with an examiner, a complete written statement of the reasons presented at the interview as warranting favorable action must be filed by the applicant. An interview does not remove the necessity for reply to Office action as specified in §§ 1.111, 1.135. (35 U.S.C. 132)

37 CFR §1.2 Business to be transacted in writing.

All business with the Patent or Trademark Office should be transacted in writing. The personal attendance of applicants or their attorneys or agents at the Patent and Trademark Office is unnecessary. The action of the Patent and Trademark Office will be based exclusively on the written record in the Office. No attention will be paid to any alleged oral promise, stipulation, or understanding in relation to which there is disagreement or doubt.

The action of the Patent and Trademark Office cannot be based exclusively on the written record in the Office if that record is itself incomplete through the failure to record the substance of interviews.

It is the responsibility of the applicant or the attorney or agent to make the substance of an interview of record in the application file, unless the examiner indicates he or she will do so. It is the examiner's responsibility to see that such a record is made and to correct material inaccuracies which bear directly on the question of patentability.

Examiners must complete an Interview Summary Form for each interview held where a matter of substance has been discussed during the interview by checking the appropriate boxes and filling in the blanks. Discussions regarding only procedural matters, directed solely to restriction requirements for which interview recordation is otherwise provided for in Section 812.01 of the Manual of Patent Examining Procedure, or pointing out typographical errors or unreadable script in Office actions or the like, are excluded from the interview recordation procedures below. Where the substance of an interview is completely recorded in an Examiners Amendment, no separate Interview Summary Record is required.

The Interview Summary Form shall be given an appropriate Paper No., placed in the right hand portion of the file, and listed on the "Contents" section of the file wrapper. In a personal interview, a duplicate of the Form is given to the applicant (or attorney or agent) at the conclusion of the interview. In the case of a telephone or video-conference interview, the copy is mailed to the applicant's correspondence address either with or prior to the next official communication. If additional correspondence from the examiner is not likely before an allowance or if other circumstances dictate, the Form should be mailed promptly after the interview rather than with the next official communication.

The Form provides for recordation of the following information:

- Application Number (Series Code and Serial Number)
- Name of applicant
- Name of examiner
- Date of interview
- Type of interview (telephonic, video-conference, or personal)
- Name of participant(s) (applicant, attorney or agent, examiner, other PTO personnel, etc.)
- An indication whether or not an exhibit was shown or a demonstration conducted
- An identification of the specific prior art discussed
- An indication whether an agreement was reached and if so, a description of the general nature of the agreement (may be by attachment of a copy of amendments or claims agreed as being allowable). Note: Agreement as to allowability is tentative and does not restrict further action by the examiner to the contrary.
- The signature of the examiner who conducted the interview (if Form is not an attachment to a signed Office action)

It is desirable that the examiner orally remind the applicant of his or her obligation to record the substance of the interview of each case. It should be noted, however, that the Interview Summary Form will not normally be considered a complete and proper recordation of the interview unless it includes, or is supplemented by the applicant or the examiner to include, all of the applicable items required below concerning the substance of the interview.

A complete and proper recordation of the substance of any interview should include at least the following applicable items:

- 1) A brief description of the nature of any exhibit shown or any demonstration conducted,
- 2) an identification of the claims discussed,
- 3) an identification of the specific prior art discussed,
- 4) an identification of the principal proposed amendments of a substantive nature discussed, unless these are already described on the Interview Summary Form completed by the Examiner,
- 5) a brief identification of the general thrust of the principal arguments presented to the examiner,
(The identification of arguments need not be lengthy or elaborate. A verbatim or highly detailed description of the arguments is not required. The identification of the arguments is sufficient if the general nature or thrust of the principal arguments made to the examiner can be understood in the context of the application file. Of course, the applicant may desire to emphasize and fully describe those arguments which he or she feels were or might be persuasive to the examiner.)
- 6) a general indication of any other pertinent matters discussed, and
- 7) if appropriate, the general results or outcome of the interview unless already described in the Interview Summary Form completed by the examiner.

Examiners are expected to carefully review the applicant's record of the substance of an interview. If the record is not complete and accurate, the examiner will give the applicant an extendable one month time period to correct the record.

Examiner to Check for Accuracy

If the claims are allowable for other reasons of record, the examiner should send a letter setting forth the examiner's version of the statement attributed to him or her. If the record is complete and accurate, the examiner should place the indication, "Interview Record OK" on the paper recording the substance of the interview along with the date and the examiner's initials.

Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: The applicant proposed the following amendment to be made be made by examiner's amendment to claim 76: Claim 76 pages 8-9 of amendment CLM(06/18/2004), lines 26-28, delete "generating an authorization key;
providing the authorization key to the second party;

DETAILED ACTION

1. Claims 1-77 have been presented for examination. Claims 1-6 have been originally filed 01/07/2000. Claim 1 has been amended, claim 6 has been canceled, and new claims 7-30 have been added in an amendment filed 05/19/2000. Claims 1, 5, 14, 19, 22, 23, and 25-30 have been amended and new claims 31-43 have been added in an amendment filed 11/13/2000. Claims 31-43 have been canceled in an amendment filed 02/21/2001. Claims 1-4, 7-11, 18, 23, and 26-30 have been amended; claims 12, 13, and 25 have been canceled; and new claims 44-47 have been added in an amendment filed 11/06/2002. Claims 1, 5, 15, and 20-22 have amended in an amendment filed 02/24/2003. Claims 1-5, 7-11, 14-24, 26-30, and 44-47 have been canceled and new claims 48-77 have been added in an amendment filed 04/08/2003. Claims 69, 72, and 73 have been amended in an amendment filed 12/12/2003. Claims 48, 49, 52-75, and 77 have been canceled and claims 50 and 76 have been amended in an amendment after final rejection filed 06/14/2004. Claim 76 has been amended by an examiner's amendment in this Office action. Claims 50, 51, and 76 have been examined.

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Naren Chaganti, Reg. No. 44,602, on 11/16/2004.

Art Unit: 2132

The application has been amended as follows:

In the Claims:

Claim 76 pages 8-9 of amendment CLM(06/18/2004), lines 26-28, delete

“generating an authorization key;

providing the authorization key to the second party;

encoding the authorization key with at least one of a plurality of criteria;”

Allowable Subject Matter

3. Claims 50, 51, and 76 are allowed.

4. The following is an examiner's statement of reasons for allowance:

Claims 50 and 51 are drawn to a method for disbursing a first party's personal information to a second party. The closest prior art, Fortenberry et al., U.S. Patent No. 6,005,939 A, discloses a similar method. Although Fortenberry et al. describe obtaining a second party identifier (see column 8, lines 42-47; figure 5, process block 510; vendor requests: RELEASE-TYPE TO INTERNET-SITE ON BEHALF OF MY-USER-ID), they neither teach nor suggest recording the second party identifier if the second party is not authorized to receive the information, nor rejecting the second party's request for information. These limitations explicitly incorporated in independent claim 50 render claims 50 and 51 allowable.

Claim 76 is drawn to a method for disbursing a first party's personal information to a second party. The closest prior art, Fortenberry et al., U.S. Patent No. 6,005,939 A, discloses a similar method. Although Fortenberry et al. describe encoding the authorization key with at least one of a plurality of criteria (see column 8, lines 1-7; security keys for each item at different

Art Unit: 2132

security levels are delivered to the passport requestor; see column 6, lines 30-36; figure 2B, item 210; web site receives keys from user in transmission packet; see column 9, lines 8-10; where the public keys are encrypted using double keying encryption technology), they neither show nor motivate the at least one of a plurality of criteria includes a criterion to indicate the number of times the authorization key can be use by the second party to obtain access. This limitation explicitly incorporated into independent claim 76 renders it allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Telephone Inquiry Contacts

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Justin T. Darrow whose telephone number is (571) 272-3801, and whose electronic mail address is justin.darrow@uspto.gov. The examiner can normally be reached Monday-Friday from 8:30 AM to 5:00 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Gilberto Barrón, Jr., can be reached at (571) 272-3799.

The fax number for Formal or Official faxes to Technology Center 2100 is (703) 872-9306. In order for a formal paper transmitted by fax to be entered into the application file, the paper and/or fax cover sheet must be signed by a representative for the applicant. Faxed formal papers for application file entry, such as amendments adding claims, extensions of time, and

Art Unit: 2132

statutory disclaimers for which fees must be charged before entry, must be transmitted with an authorization to charge a deposit account to cover such fees. It is also recommended that the cover sheet for the fax of a formal paper have printed "**OFFICIAL FAX**". Formal papers transmitted by fax usually require three business days for entry into the application file and consideration by the examiner. Formal or Official faxes including amendments after final rejection (37 CFR 1.116) should be submitted to (703) 872-9306 for expedited entry into the application file. It is further recommended that the cover sheet for the fax containing an amendment after final rejection have printed not only "**OFFICIAL FAX**" but also "**AMENDMENT AFTER FINAL**".
